Company Profiles	
Parameter	Value
Short profile (65 ch.)	Liquid chromatography (HPLC, Flash) - production, sale, service.
Medium profile (224 ch.)	Liquid chromatography (HPLC) - we offer complete instrumentation for analytical, preparative and FLASH liquid chromatography. We produce pumps, UV-VIS detectors, inject valves, column ovens, sample concentrators, degassers.
Long profile (343 ch.)	We offer complete instrumentation for analytical, preparative and FLASH liquid chromatography. We produce pumps, UV-VIS detectors, inject valves, column ovens, sample concentrators, degassers. We supply RI detectors, Software, columns, Hamilton syringes, vials, tools and fittings. We offer full chromatographic systems as new part of catalog.

Branch office**Ostrava**

Typical categories in catalogs

Parameter	Value
Main categories	Science, Research, Development, Analytical chemistry, Laboratory instrumentation, Laboratory equipment, Measurement technics and units
Subcategories I.	Liquid chromatography, HPLC, Flash chromatography, Preparative chromatography
Subcategories II.	Chromatographic systems, Absorbance detectors, UV-VIS detectors, RI Detectors, High-pressure pumps, Inject valves, Autosamplers, Data handling, Software, Hardware, Column ovens, Sample concentrators, Degassers, Ultrasonic cleaners, Filters, Columns, Precolumns, Vials, Fittings, Capillaries, Tools, Service
